RE: SIGNATURE OFFICES BUILDOUT

Kurt:

I just wanted to write you a note to thank you for the wonderful job that you and your team did on our space buildout. Your team was great to work with and even though we had several “field” changes during our project you and your team rose to the occasion.

Our tenant improvement project, while it certainly wasn't the largest at 19,000 sq. feet, was successfully completed both on time and under budget. Those are usually two things that you never hear about construction projects. The field technicians that did the work were always professional and positive about working with us. Most importantly, they were safe, courteous, and willing to accept feedback. I would give anyone considering using Garden Electric my highest recommendation to do so.

I certainly would be willing to talk to any of your potential clients and share my positive experience with Garden Electric.

We look forward to having you work with us on our next project.

Best Regards,

William Vernon
COO Signature Offices

CC/ Richard Wagner CEO.
