Re: South Park Baptist Church Lighting

Dear Kurt,

Last night after you prepared the various lighting settings and trained the church staff, the new lighting for the sanctuary was commissioned by Reverend Williams in prayer. The comparison of "before" and "after" is stunningly beautiful.

I am convinced that the project could not have achieved such a high level of perfection without you. You went far above the call of duty to make sure that the installation was of the highest quality, and worked with the project team to overcome unforeseen obstacles.

In the end we relied on you and your staff to use your aesthetic skills to select lamps and lenses and properly aim and dim all of the settings.

Thank you for a job well done.

Sincerely,
